WELCOME

Pencroft Structures is located in Lancaster County, PA and has been building high quality structures for over 20 years. We specialize in high-end structures with options that make it easy to customize the structure to your liking. Our structures are an extension of your house, an additional outdoor or indoor space for you to entertain family and friends. Our goal is to help you create your ideal space, and our skilled craftsmen take great pride in creating an outdoor structure that will withstand the test of time.
