

ROYAL  
CROWNE

*Handcrafted*  
CUPOLAS &  
WEATHERVANES

## HANDCRAFTED HOME ACCENTS

At Royal Crowne we know the value of looking our best. For property owners, “looking our best” extends beyond personal appearance to keeping your property looking great!

Our durable home accents have been handcrafted in Lancaster County by three generations of skilled workers who care about appearances. Cupolas and weathervanes, lantern and mailbox posts and other quality handcrafted products improve the appearance of your property, enhancing curb appeal, and providing the finished appearance it deserves. Choose the Cedar-PVC for great painting & staining capabilities, or choose the White-PVC for a clean white finish.

### All Royal Crowne Cupolas with a wind rating are:

- Engineer drawn and approved
- Wind rated with proper installation procedures followed
- Approved for up to 120 mph wind speeds
- Available with Sealed engineer drawings

### Maintenance Free Materials

- WHITE-PVC, cellular PVC
- CEDAR-PVC, Acre Trim

Most of our products are available in these two products which offer “Maintenance Free Solutions” for many years. These materials are rot, moisture, and insect resistant and offer a Limited Lifetime Warranty.

# YOUR HOME DESERVES A "ROYAL CROWNE!"

## CHOOSING THE CORRECT CUPOLA SIZE

A properly fitted cupola is essential for a cupola to look right on your building. When trying to figure out what size you need, we use a guide of a minimum of 1.25" for every foot of roof line. For example: if your roof line measures 24', the minimum size of your cupola should be is 30". For a roof line length 48' and longer, you may want to consider using 2 or 3 cupolas.

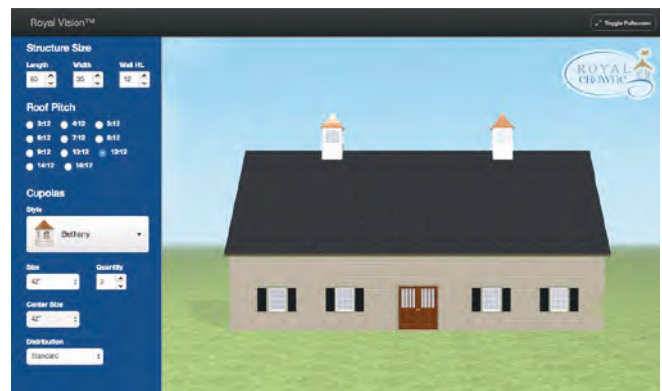

## ROYAL VISION

Are you struggling to figure out what size or how many cupolas you'll need for your building? Try our Royal Vision program found on our website. You can choose your roof pitch, building size and the length of the roof line. This program will help you envision exactly what the cupola will look like on your size building.

# Cupola OPTIONS

Royal Crowne Outdoor accents offers many additional options for the base, louvers, or roof of your cupola. These additional features add class and distinction to your cupola.

## VICTORIAN ROOF UPGRADE

Upgrade any pagoda style roof with the New Victorian Style roof in copper or metal. Available in square or octagon.

## BELL ROOF UPGRADE

Upgrade any square pagoda style roof with a Bell-Shaped roof. \*Bell upgrade available in copper only.

## CLAPBOARD BASE

A clapboard base is available in all the 100, 200, 300 & 700 series cupolas.

## COPPER & COLORED LOUVERS

Add copper or colored louvers to any louvered cupola to give it an appearance that will add class to your cupola.

## HINGED WINDOW

Add a hinged window to your cupola for ease of access to the interior of your cupola.

## PAINTED & STAINED CUPOLAS

Custom painted cupolas are available to match the color and style of your building. Paint can be applied to vinyl & wood cupolas.

See color chart on page 17.

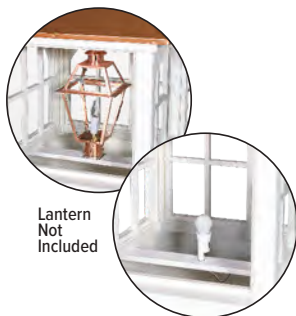

## BOARD 'N' BATTEN BASE

Board 'N' Batten base is available on any of the 100, 200, 300 or 700 series cupolas.

## BASE & CROWN MOLDING

Base & Crown molding is available on any of the 200, 300, 500 or 700 series.

Lantern Not Included

## LANTERN MOUNT/ LIGHT SOCKET

Order a lantern mount in any windowed cupola. Choose from either a post lantern mount, or a standard light socket mount.

## FLASHING KIT

Add a flashing kit to any cupola to adapt for a metal roof. See page 13 for colors

Also available: Base Cutout, Base Extension & Screening

# Custom CUPOLAS

If you have an idea for a custom cupola design we'd be happy to take a look! We delight in creating a unique product brainstormed by our customers.

**STAYBRITE** (applied) Order any copper cupola with 3 coats of Staybrite already applied. This will keep your roof shiny and protects it from tarnishing. A 12oz aerosol can is also available.
